COOLIDGE AND DAWES SWEEP THE NATION: GET TREMENDOUS VOTE
379 Electoral Votes Assured
On Basis Of Afternoon TallyBy GEORGE R. HOLMES
(International News Service
Staff Correspondent)

New York, Nov. 5.—President Coolidge has been elected to succeed himself by a popular majority that is probably unprecedented and by a majority in the Electoral College that has been surpassed but twice in the history of the republic.

Late returns from doubtful states in the West this afternoon emphasized the magnitude of the Republican sweep and assured Coolidge and Dawes 379 votes in the College, a majority of 113. The two occasions on which this figure was exceeded were in 1912 when the Republican split allowed Wilson to roll up 435 and in 1920, when Harding polled 404.

New York, Nov. 5 (INS).—John W. Davis, Democratic candidate for the presidency, conceded the election of President Coolidge today in a telegram which he sent to the President.

New York, Nov. 5.—At 8 a. m. with a few states still in doubt, President Coolidge seemed assured of a victory in the electoral college in excess of 370, against a necessary figure of 270.

On the basis of returns at that hour, Coolidge carried California, Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Nebraska, New Hampshire, Missouri, New Jersey, New York, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Washington, West Virginia, Wyoming.

There appeared to be certain and no provide an electoral vote of 357. There was some doubt as to Missouri, North Dakota, but the Republican claims them and their claims seemed to be warranted.

Davis carried Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, New Mexico, a total of 136 electoral votes.

Coolidge and Dawes swept through conservative, industrial and financial states like a hurricane. Plurality were rolled up in the larger states like New York, Ohio, Pennsylvania, Massachusetts, and Michigan that were keenly reminiscent of 1920. In some states it appeared probable that morning that the record-breaking figures of 1920 would even be topped by those of 1924.

SPLIT TICKETS

Albany, N. Y.—Governor Alfred E. Smith has been elected Chief Executive of New York State over Col. Theodore Roosevelt by 110,000 according to unofficial returns compiled here today.

The Governor is believed to be the only candidate on the Democratic state ticket to overcome the Coolidge landslide.

Helena, Mont.—Montana has swung into the Coolidge landslide, according to scattered returns from 42 of the 50 counties, and Senator Thomas J. Walsh, Democrat, "oil investigator," has been returned to the upper house of Congress, with the governorship also going to the Democrats.

Returns from 391 out of 533 precincts in the state this morning gave Coolidge 26,750, La Follette 20,048.

For state senator Walsh, Dem., 29,414; Linderman, Rep., 25,023. For governor, Erickson, Dem., 25,194; Dixon, Republican, 20,229.

Johnstown, Pa.—Coolidge carried Cambria county according to incomplete returns today. The vote was Coolidge, 4346; Davis, 2065; La Follette, 722.

Denver, Colo.—In one of the largest polls ever cast in Colorado, Republican leaders early today were claiming a plurality of 75,000 for President Coolidge with the election of the entire state Republican ticket, two Republican United States Senators and three of the four members of the House of Representatives from this state.

Returns were extremely slow in coming in from the state as well as Denver, but with approximately 800 of 1,492 precincts reporting the Republican claims appeared well founded.

Harrisburg, Pa.—The state senate will see its first woman member at the next session because of the victory Mrs. Flora M. Vane, Republican, widow of Edwin H. Vane, scored over Edward A. Conwell, Democrat.

In three of the other senatorial districts where fights were anticipated, Republican candidates have maintained leads with indications that they will be elected.

In the 27th, Senator Steel, Republican, had a lead of approximately 4,000, with three-quarters of the districts heard from. D. Webster Shipman was the Democratic nominee.

Senator Fred W. Culbertson, Republican, had a 2,200 lead over Scott S. Leiby, Democrat, with two-thirds of the precincts tabulated.

In the 33rd the race was closer. Norman L. Bonbrake, Republican, was leading Daniel M. Sheely, Democrat, by almost 300 votes, but more than half of the precincts were yet to report.

The 11th, 13th and 35th were the doubtful districts.

DUBOIS ROLLS UP
BIG MAJORITIES
FOR REPUBLICANS

DuBois, Pa., Nov. 5.—One of the largest votes in the history of the city was cast yesterday in the presidential election, but the election boards, worked smoothly and the returns were all tabulated before 12 o'clock. Coolidge scored a clean cut majority over all candidates, receiving 2256 votes. As expected La Follette ran second, getting a total of 701 votes. This was considerably lower than his supporters had claimed previous to the election, and was just about the figure that he was granted by those in touch with the situation. Davis, the Democratic candidate, ran third, getting but 525 votes. This low figure is accounted for in some degree, by the fact that many Democrats voted for Coolidge.

In the legislative fight Lukehart carried the city by a good margin, securing a lead of 515 over Betts, his nearest opponent. Weber, who was counted upon as a strong candidate, ran third, emerging with 733 in the city.

William J. Swoope, for Congress, was given a large vote, notwithstanding "bear" stories to the effect that he would likely be heavily cut. He polled a vote of 2095 to 1333 for Benson.

The voters of DuBois did not take very kindly to the proposed amendment to the constitution calling for a constitutional convention. This was defeated by a vote of 558 to 1642, every ward in the city giving an adverse vote against the proposition.

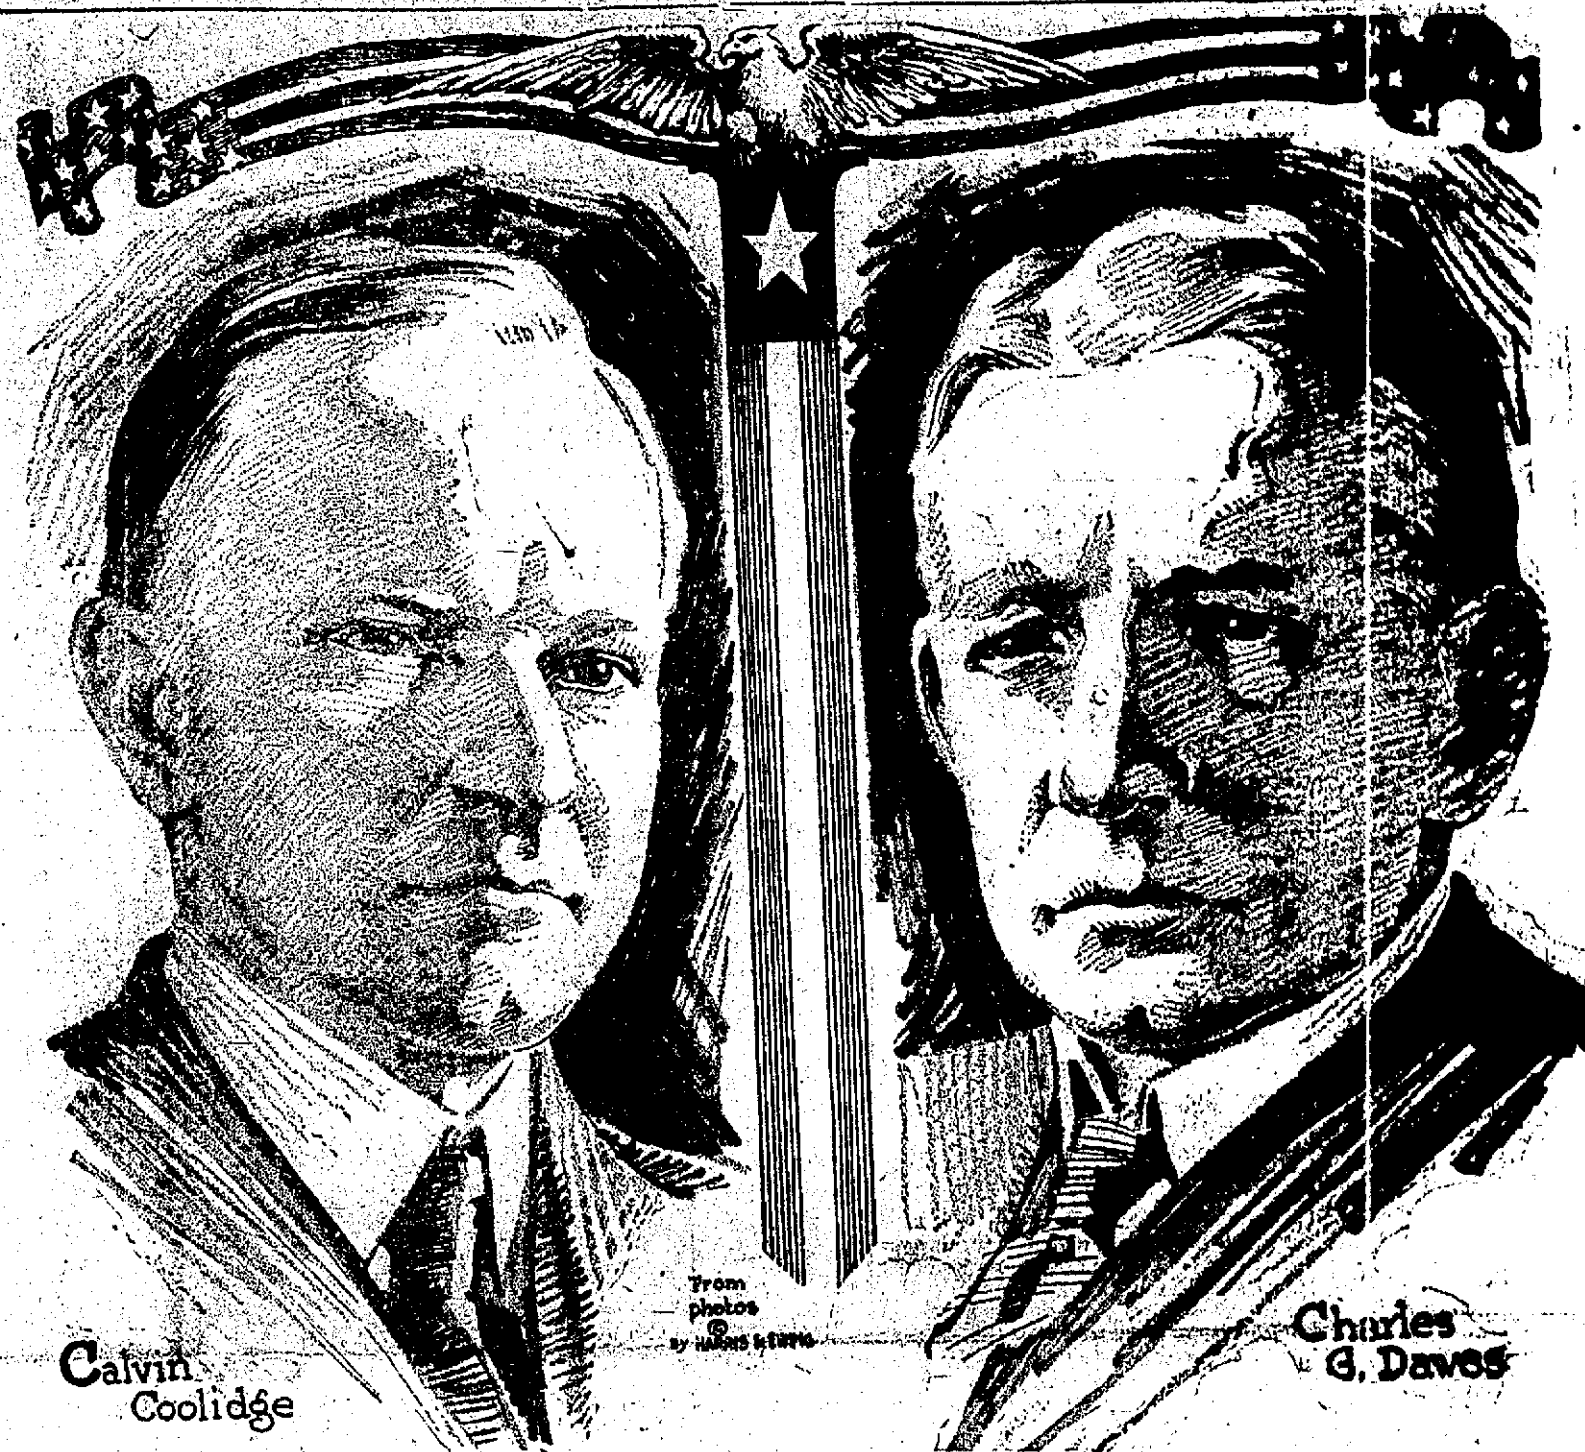

There was not the cutting and (Continued From Page Six.)

Half a dozen persons were shot in election brawls including "Casey" Jones, puglist, who was killed by an unknown opponent.

An unidentified man committed suicide leaving a note that he killed himself because he was unable to pay election bets.

Kidnaped From School
At Early Hour Today

Harrisburg, Pa., Nov. 5 (INS).—Alfred Gonzales, 11 year old son of Mr. and Mrs. Harry Gonzales of Steelton was kidnaped this morning as he was playing in the yard of the St. James school at Steelton.

Alfred was playing tag with a group of school mates when two men drove up in a touring car. They yelled something to him in Spanish. Alfred speaks both Spanish and English. The child walked over to them, and one of the men grabbed him and pulled him into the machine.

The kidnaping was witnessed by other children and the school teacher. The boy's father, a traveling salesman, is in Chicago.

So far the police can find no motive for the kidnaping. Scores of local and state police are working on the case.

2,600 VOTES CAST

Clearfield borough voters were both anxious and willing to get at La Follette and his "paper legions" and succeeded in rolling up a total of a few more than 2,600 votes.

For the first time in the history of the county every precinct in the town returned substantial Republican majorities for every candidate on the ticket from President down to member of Assembly.

The vote for President and Vice President resulted in a majority of 561 for Coolidge and Dawes over Davis and Bryan with the slacker in war and political dastard in peace La Follette running a dirty third. The vote follows:

COOLIDGE RETIRED EARLY ASSURED

APPRECIATIVE OF FINE WORK DONE

Washington, Nov. 5, (Wednesday) (INS).—President Coolidge went to bed at 12:45 o'clock this morning confident that he had been re-elected to the White House by a substantial majority.

Just before he retired the President received a telegram from W. M. Butler, chairman of the Republican National Committee formally notifying him of his election.

"The American people have spoken. They have elected Calvin Coolidge and Charles G. Dawes by a decisive vote. After the people have spoken so conclusively there is little for any one to say. I sincerely thank the men and women who have worked so diligently to bring about this magnificent result."

"Under the leadership of Calvin Coolidge, the Republican party will go forward to new achievements for the people. I again thank my co-workers in every precinct for their loyalty and effective work."

This County Is Open
To Hunting; Telegram
Of Yesterday Misleads

Misinterpretation of a telegram received in Clearfield yesterday from Secretary Seth E. Gordon of the State Game Commission resulted in a misstatement concerning the right to hunt in Clearfield county.

The statement was made in The Progress last evening to the effect that this county was closed to hunting when such is not the case. The county is open to hunting now and will continue to be so until or unless Governor Pinchot issues another proclamation requiring that all hunting cease until rain falls in sufficient quantity to make the woods safe from fire.

COUNTY RESULTS

The unprecedented weather of Tuesday, the finest election day so far as the weather is concerned, in the history of Clearfield county resulted in the greatest victory for its candidates both National, State and District in the history of the Grand Old (not oil) Republican party.

The unprecedented weather resulted in bringing out an unprecedented vote and that vote resulted in unprecedented victories for every Republican candidate on the ticket from Pres-

The Republican party, as in the Nation was a vital living organization all through the campaign and the local organization found its work made easy for it because the people generally were for Coolidge from the opening gun of the campaign and appeared to become stronger and more united to become stronger and more united (Continued on Page Three.)

HOW THE STATES VOTED

Lineman Electrocuted As Ladder in Throwing Switch On Power Line

Madison, Pa., Nov. 5.—A very serious accident resulting in the death of a young man, Bloom, an 18-year-old youth employed by the Penn Public Corp., occurred here yesterday morning.

While working on an automatic switch on a high tension line. The switch had been automatically thrown out, and as Mr. Bloom went to close it, he was electrocuted.

Mr. Bloom, it is said, was standing on the ground at the time and was knocked several feet away. Other employees were nearby and rushed to his aid. First aid treatment was rendered before the arrival of a doctor, but all efforts to resuscitate him were in vain and he died in a few minutes.

Mr. Bloom was a very popular and highly respected young man and his sudden death was a shock to the entire community. He is survived by his father and mother, Mr. and Mrs. John Bloom, a brother, two sisters, Mrs. Gordon Mills and a younger sister at home.

Sets Check Book Ahead.
The mental twin of the man who sets his watch 15 minutes ahead to make sure of catching his train has been found in a large business house in the financial district. He sets his check book ahead. Each Saturday he takes his check book, tears therefrom a check which he destroys, and then enters \$10 on the stub. When Dec. 1 arrives he finds himself in possession of \$300 more than his checking balance shows. He then cuts his own little Christmas memento and has enough to do his Christmas shopping without endangering his solvency.

German Teacher's Record.
Thomas Diddin tells in his "Bibliomania" of a German pedagogue who had for 51 years prior to his death superintended an institution in Suabia with old-fashioned severity. From an average inferred by means of recorded observations one of the ushers calculated that in the course of his career his chief had given 911,500 canings, 121,000 floggings, 200,000 custodes, 150,000 tips with the ruler, 10,200 boxes on the ear and 22,700 tasks by heart. It was further calculated that he had made boys kneel on peas 700 times, kneel on a sharp edge of wood 4,000 times and wear a fool's cap 5,000 times.—Manchester Guardian.

G. O. P. SWEEP IN PA. OUSTS DEMOCRATS FROM CONGRESS

Harrisburg, Pa., Nov. 5 (INS).—Just what majority Pennsylvania gave the Republican Presidential ticket was the only question to be settled in this state, aside from a few congressional and senatorial district fights.

The Republican candidates for three state offices were easy winners. Judge Frank M. Trexler, of Allentown, was re-elected to the Superior court. Samuel S. Lewis, present auditor general, was chosen state treasurer to succeed Charles A. Snyder, and Edward Martin of Washington, Pa., will step in as Auditor General, succeeding Mr. Lewis.

That the Democratic strength in Congress from the Keystone state was cut in half was evidenced with all but two districts settled. The seventeenth and twentieth were still in doubt early this morning.

Democrats were unseated in the twelfth, where Edmund N. Carpenter Republican, defeated John J. Casey, Dem., the fourteenth where Charles J. Esterly, Republican, was chosen over Wm. M. Croll, Dem.; and the 19th where Joshua W. Swartz, Republican, won over Frank C. Sites, Dem.

Clove Trees Scented.
Ninety per cent of the world's supply of cloves comes from two tiny islands off the coast of Africa—Zanzibar and Pemba. Native of the tropics, the clove takes unto itself some of the intense heat of the broiling sun. To pass through a clove plantation in the harvest is to experience one of the most fascinating sights on earth. The high trees—some of them nearly forty feet, and closely resembling the olive tree in appearance—are suggestive of giant perfume bottles, disgorging leaves. The air is saturated with the delicious scent and for many days afterward your clothes carry the seductive aroma.

Hard Usage Simply Emphasizes CROMAR'S Enduring Qualities

In few places are floors subjected to harder usage than in apartment houses—which partially explains why CROMAR Oak Flooring is so rapidly growing in favor with apartment builders and owners. Equally important reasons are CROMAR's greater beauty of finish and the lower cost of a completed CROMAR Floor—no more than a good carpet.

CROMAR Oak Flooring is scraped, sanded, filled, varnished and waxed by special machines, at the factory. It reaches you ready to lay. It is laid at the speed of a room a day. And when the last nail is driven, your CROMAR Floor is ready for immediate use.

This, in a few words, is the success story of CROMAR. An interesting booklet tells in detail how CROMAR is made, packed, shipped and laid.

Write for this booklet and the names of lumber dealers in your vicinity who will show you CROMAR Floors and quote prices.

ODDS AND ENDS AND THINGS

By J. D. C.

Governor Pinchot's decision to keep the hunters out of the woods of Pennsylvania as a precautionary measure against possible forest fires, met with the commendation of all true sportsmen and conservationists. Keeping down forest fires will save the forests while the keeping of hunters out of the woods will save the small game. And the Lord knows that the rapidly disappearing small game needs all the assistance it can get.

The women are in politics to stay. We had occasion to visit the delectable polling places in Clearfield today and at everyone of them but the first precinct of the Second Ward, where only two female captains of politics were in hand, the women election officers, "Ward Healers" outnumbered the men two to one. Shades of the long distant past. We would like to have seen the antics of the woman Ward Healer at several Democratic primaries we had occasion to participate in in this benighted village twenty five to thirty years ago. "Them were the days."

Coach Reed and his Red and Black High School football teams present a veritable "bloody but unbowed" heads these days, and while they were forced to take the short end of the stick by Altoona, Johnstown and Lack Haven on successive Saturdays, the team grew in estimation of both the local fans and the opposition team and their friends by the never say die spirit of the Red and Black every scrimmage. Coach Reed and his team are handicapped by lack of material or numbers. Each defeat barked up against the locals was very gained by or through superior numbers on the part of the other fellows. Our boys carried the scrap to the enemy in each of the three contests mentioned and were only forced to go down to defeat because the enemy had too strong a reserve line. When one of the enemy stars tried to pull him out, rushing in a substitute almost or just as good, who spelled the other fellow until he got his second wind, after which another which would be made and another fresh athlete sent into the fray. Our lads were thus called upon to combat two teams and it proved to be more than flesh and blood could stand. They had to give way to superior numbers and lost for no other reason. They deserve credit and oodles of it for their fine showing under this pronounced handicap. They are one and all good game lads and deserve the most loyal support of all Clearfield.

Well, that job is over and done with for another four years, and "Silver Call" will remain at the helm of the Ship of State during the coming four years. That result was assured at New York last July and yesterday's election was only finishing what had been so well done by the forces of reaction in the Democratic national convention. In passing, we just want to repeat what we said then, that the power behind the lines in the defeat of William Gibbs McAdoo put an end to all Democratic hopes. That power was for Coolidge then and it

remained so. The Democratic party as it exists today has outlived its usefulness. The killing off of McAdoo, its strongest and most popular candidate, by the representatives of big business and reaction marked the final passing of that party, which from the very birth of this nation stood for real democracy and human rights and privileges above the dollar. thusiasm for him as the day of election neared.

The campaign was admirably handled by County Chairman Edwards and Secretary Dr. A. D. Cowdrick. They made a straightout, clean cut fight for their party ticket, the results speak volumes for the efficacy of their methods and the character and standing of the Republican candidates.

Congressman William I. Swoope was overwhelmingly re-elected. He carried Clearfield county by a majority of more than two to one over his Democratic opponent and made a similar run-away race of it in McKean, Centre and Cameron counties.

For Assembly in District No. 1 of which Clearfield borough is a part, Hon. Charles B. Jones, of Ramey, was elected over 'Squire John Scollins, of Houtzdale, he also getting twice as many votes as his Democratic opponents.

The Coolidge sweep carried George A. Lukehart of DuBois to victory over his Democratic opponent, the Hon. W. H. Betts of DuBois. Weber, Ind., with an alleged Klan endorsement fell far outside the breastworks.

men who held seats in the 1923 House of Representatives was shown by early returns. They are Miss Helen Grimes, Rep., 12th, Allegheny; Lillie H. Pitts, Rep., 21st, Philadelphia; and Miss Martha G. Thomas, second, Chester.

General interest in other districts was centered on the attempt of the Democrats to increase their strength above the 41 they had in the 1923 session.

Milwaukee, Wis.—Wisconsin, rallying to the support of her favorite son, today had given Senator Robert M. La Follette a lead of 36,000 over President Coolidge and had re-elected Gov. John J. Blaine. La Follette personally endorsed gubernatorial candidate.

Returns from 1,055 of the state's 2,679 precincts tabulated today showed: La Follette 156,410, Coolidge 120,950, Davis 23,637.

Seven hundred and eighty-four precincts for governor gave Blaine 89,980; Martin L. Lueck, 52,411; Wm. F.

Quick, 333 and Adolph R. Buckman, 368.

Birmingham, Ala.—"The apparent overwhelming Republican victory does not mean disaster for the Democratic party. It will come back in 1928."

This was the statement made by Senator Oscar W. Underwood today commenting on yesterday's election. The Alabama senator attributed the landslide to a "split in the Democratic ranks."

Charleston, W. Va.—President Coolidge's lead in John W. Davis' native state had mounted to more than 25,000 in returns today from 951 of the 2,191 precincts. Howard M. Gore, Republican candidate for governor, was ahead of his party's national ticket, and Guy D. Goff, Republican, for United States senator, maintained a commanding lead over his opponent, William E. Chilton, Democrat.

The figures: Coolidge, 136,831; Davis, 111,067; La Follette, 12,840. For senator, 393 precincts: Goff, 154,007; Chilton, 114,384. For governor, 943 precincts: Gore, 140,058; Fisher, 111,945.

Toledo, O.—Congressman Isaac R. Sherwood, Democrat 88, the oldest member of the House, was defeated for re-election by W. W. Chambers, former member, returns here today shows.

Des Moines Iowa.—For the first time in more than half a century, Iowa seems to have elected a Democrat to the U. S. Senate.

With more than half the votes counted, Dan Steck, Democrat is leading Smith W. Brookhart, Republican incumbent, in the Senatorial race by more than 7,000 votes. Although nominally the Republican candidate Brookhart did not have the support of Republican leaders of the state.

Eleven Iowa congressional districts will return Republicans to the National Congress.

A solid Republican state ticket was also elected.

In the presidential contest 1,478 precincts out of 2,418 in the state gave Coolidge 351,123; LaFollette 172,381; Davis 98,409.

For U. S. Senator, 1,349 precincts

gave Steck 261,075; Brookhart 252,600.

Brookhart managers refuse to concede defeat, contending that the unreported rural vote will sweep the Junior Senator back to Washington.

Albuquerque, New Mexico.—Apparently the only rocky mountain state to remain out of the Coolidge column, New Mexico's electoral vote will be cast for John W. Davis, Democratic presidential candidate according to scattered returns early today. Because of the heavy vote and the fact that the only "straight" tickets were being counted, the returns were extremely slow in being announced. Figures at an early hour today showed Davis with a majority over both Coolidge and LaFollette, with the latter polling a small vote.

Phoenix, Ariz.—President Coolidge today apparently had carried Arizona although the vote was close and later returns may place the state in the Democratic column late returns to

SLAMS THE KLAN

By MRS. MARIAM FERGUSON

Gov. Elect of Texas
Written especially for I. N. S.
Temple, Texas, Nov. 5.—Quickly discerning the Ku Klux Klan camouflage of selecting a Republican nominee for governor—the Klan means of winning malignancy and poisonous propaganda in the State Government—the people of Texas has rejected this doctrine of dishonor, in decency and lawlessness, by electing Mr. Coolidge.

The Happiest Woman

Mrs. Calvin Coolidge

MRS. TAYLOR ROSS
NAMED GOVERNOR
OF WYOMING STATE

Cheyenne, Wyo., Nov. 5. (INS.)—

Tired but happy over the favorable trend of the slow returns from all sections of Wyoming, Mrs. Taylor Ross, Democratic candidate to fill the position of chief executive of the state, left vacant by the recent death of her governor-husband, went to bed early today confident that she would be victor in the close gubernatorial race.

With 300 precincts reporting out of 625 in the state, Mrs. Ross was leading her Republican opponent, Eugene Sullivan, by 1,770 votes.

Figures from the 300 precincts indicated that President Coolidge has carried Wyoming with a plurality of approximately 10,000 and a probable majority over both Davis and La Follette, with the Wisconsin senator taking second place over Davis.

Curious Currency.

On Remyne Island, the least visited in the Pacific, the only currency consists of the teeth of flying foxes; the island is surrounded by walls of coral limestone over 400 feet high.

For my opponent, the choice of a scandal-corrupt party, the great masses were faithful to the principles of Democracy.

My heart is filled with emotion and strongest love for the devotion of those who have refused to be swayed by this unparalleled campaign of malice and hate and my plea for vindication of the family name and justice at the hands of Texas voters has been answered.

Yes, these evangelists of hate have their answer and the people have repudiated their unholy teachings and malevolent doctrines.

Columbus, C.—With Coolidge's vote in Ohio at present greater than combined reports received of his two opponents, John W. Davis and La Follette, interest today centered in the gubernatorial fight between governor Vic Donahoe and Harry L. Davis.

Indications are that President Coolidge carried Ohio by a majority exceeding 400,000 and that Governor Donahoe defeated his Republican opponent for the Governorship former Governor Harry L. Davis, by a majority of over 40,000.

Des Moines, Ia.—With the vote more than two thirds counted at 10 a. m., Dan Steck, Democrat, has increased his lead over Smith W. Brookhart, Republican incumbent, in the race of U. S. Senator, by 11,000 votes.

Pottsville, Pa.—President Coolidge's plurality is estimated at 15,200 in Schuylkill county, an unprecedented margin. Congressman George F. Brumm, Republican, was re-elected by a plurality of about 8,500 and State Senator Heaton of Ashland by a plurality of approximately 10,000.

Scranton, Pa.—The re-election of Congressman Lawrence H. Watres, Republican, is assured. With returns from only five districts missing, Watres has a lead of 8,000 over his Democratic opponent.

Danville, Pa.—Reports from Montour and Columbia show Congressman Herbert W. Cummins, Democrat, and Frederick W. Magrady, Republican, running a close race in the congressional fight.

SPLIT TICKETS

(Continued from Page Three)

Lock Haven, Pa.—Coolidge carried Clinton county by over 2,000 votes. Dr. John B. Critchfield, Republican, state representative, was elected over J. S. Groupe, Democrat.

Beaver Falls, Pa.—Coolidge carried Beaver county by almost a landslide. Forty precincts out of 94 in the county gave Coolidge 8486, La Follette 3192 and Davis 1614.

St. Paul, Minn.—Magnus Johnson, "dirt farmer" Senator from Minnesota appeared certain of re-election, only today as returns continued to pile up leads for him and the entire Republican ticket.

With 167 of 3,067 precincts reported mostly from scattered cities and towns, the vote today stood: Johnson 14,810; Tom Schall, blind Republican Congressman seeking a Senate seat 13,547 and Farrell, Dem. 1,508.

The presidential vote from 335 precincts gave Coolidge 53,975 La Follette 30,217 and Davis 7,941. Theodore Christensen, Republican, and Floyd Olson, farmer-labor, were running a close race for the governorship.

At noon yesterday it was established that Allegheny county was returning twenty-seven and Philadelphia forty-one Republicans to the House. In 17 districts candidates had all major nominations and had no real opposition. S. J. Goodnough, Rep. Cameron county speaker of the 1923 session was included in these.

In 38 other districts exclusive of Allegheny and Philadelphia, seven Democrats and forty Republicans had been elected.

This leaves about one hundred house districts yet to be heard from. That the proposal to hold a constitutional convention to revise the state constitution was voted down was definitely established this afternoon. The vote stood three to one against the question.

Detroit, Mich.—Coolidge and the entire Republican ticket will roll up a victory equal to that polled by Harding in the 1920 Republican landslide, returns showed today. Michigan gave Harding a majority of about 500,000 in 1920.

WEAR YOUR OWN ARMOR

By FLORENCE DAVIES

If it hadn't been for some kind hearted newspaper man, the great Dempsey might no longer be the fight champion that he is, says H. C. Salsinger, who writes entertainingly of events in the world of Sport.

Perhaps, by the way, you never read the sport pages. Only a few women do. But those who do not, miss a lot of fine philosophy. For life is just another kind of game, and the rules that apply to one game are a good deal like those that apply to another.

There was the matter of Dempsey during his fight with Firpo. The newspaper men who saved his reputation were the ones who boosted him back into the ring when his opponent sent him sprawling through the ropes.

And why, pray tell me, did the great Dempsey come so close to defeat? It was simply and solely, says Mr. Salsinger, because he thought he would beat Firpo at his own game, instead of beating him with the Dempsey tactics which he knew so well. When the fight started it seemed that Dempsey foolishly tried to beat Firpo, not according to Dempsey's style, but according to Firpo's.

The result was inevitable. Since Firpo evidently fights his own way, better than anyone else save Firpo, Dempsey was at a disadvantage. What Mr. Dempsey evidently over-

looked was that, let Firpo fight as he may, no one else could fight in Dempsey's way quite as well as Dempsey. But athletes aren't the only ones who make that kind of mistake.

We women do that over and over again when we look at our sisters and sigh because they have some rare accomplishment which we lack, and then set out to try to imitate them.

All we succeed in doing is to give a poor imitation of the kind of person we don't know how to be, instead of giving a fine performance in the role of the kind of person that we know how to be.

"Yes," you say, "but I wish I were quiet and reserved like Maude, instead of being animated and high strung as I am." So you set about it to try to be reserved and the result is that you are just dull.

It's just as true when you try to work the thing the other way round. We've all seen normally quiet people trying to give an imitation of "the life of the party," and how foolish they make themselves.

It's perfectly natural to look a little longingly at the accomplishments and fine qualities of other people. But if we are wise we will keep on admitting their fine qualities and practicing our own. For we all fight best in our own armor.

That doesn't mean that we can't grow, that we can't try new ways, or that we can't learn more and better ways of doing our work.

Even the great fighter Dempsey made a poorer Firpo than Firpo.

Homestead, Pa., Nov. 5. (INS.)—William George, 25 of Braddock, Pa., is in the Homestead hospital today, in a state of delirium, the first victim in Western Pennsylvania, of ethyl or "looney" gas, which has resulted in the death of five persons in Bayway, N. J., according to Dr. John Ballagi of this city. George was found unconscious in a garage near here yesterday. Police believe the man was sleeping in the garage and was overcome by gasoline fumes.

Krinschir, 13, lost his life and his brother John was severely shocked when they grasped a wire they had thrown over a high tension line at Emeligh near their home.

Coolidge and Dawes Sweep The Nation

(Continued from Page One)

A popular majority Coolidge is expected to exceed the seven million mark obtained by Harding in 1920.

Up to this afternoon five states had been considered doubtful—Arizona, Minnesota, Montana, Nevada and New Mexico. Late returns put all but New Mexico in the Republican column.

Davis appears to have carried New Mexico by a slight margin, this state and Oklahoma and Tennessee being the only states carried by Davis above what James M. Cox carried.

On the basis of these returns, Coolidge will have 379 votes in the College, Davis 139 and La Follette 13—his native Wisconsin.

The only fly in the Republican ointment is the doubt that there is about a clear cut majority in Congress.

Late returns indicate the Republican landslide carried with it enough Republican candidates for Congress to provide a paper majority of about thirty seats. This is not sufficient to give the Republicans a dependable working majority for a coalition of Democrats and insurgent Republicans (there are sixteen of these from Wisconsin and the Northwest) can block the administration on any agreed on occasion.

In the Senate the same situation generally prevails. The Republicans gained seats in Colorado, Kentucky, Massachusetts and Oklahoma—four. They have apparently lost a seat in New Mexico, late returns indicating the defeat of Senator H. O. Bursum by Judge S. G. Bratton, Democrat, and they may yet lose seats in Iowa, where Dan Steinkamp, Democrat, is running ahead of Brookhart, Republican, and in South Dakota, where there is a nip and tuck between McMaster, Republican, and Cherry, Democrat.

Either way the Iowa fight terminates, it is a loss for the Republicans. Brookhart is La Follette's chief lieutenant in the Senate, more often against the administration than with it, and Steinkamp is a Democrat.

Thus the balance of power seems certainly to remain vested in the little group of insurgents, as it has been in the last Senate.

Late returns may yet give Brookhart a victory. His chief strength lies in the rural districts, slow to report, and Steinkamp's lead is none too commanding.

Every state east of the Mississippi

marked the solid South save Wisconsin, flopped into the Republican column. So great was the momentum gained in this eastern avalanche that the Coolidge-Dawes ticket crossed the river and started like a prairie fire through the great grain and stock belt that stretches westward to the Rockies, sweeping everything before it by large majorities save Minnesota and Missouri.

Of the five states that were still considered doubtful this morning two were considered doubtful as between Coolidge and Davis. They were Arizona and New Mexico. Three were considered doubtful as between Coolidge and La Follette—Montana, Nevada and Minnesota.

There were two outstanding surprises in the results—so far as the national ticket was concerned. One was the weakness of the La Follette strength in places where it had been expected he would be dangerously strong—the Dakotas and Iowa, the other was the weakness of Davis in the states bordering on the solid South. Apparently the Democratic candidate carried only one of these, Oklahoma, losing Missouri, Kentucky, West Virginia, Maryland and Delaware.

La Follette's strength in the great industrial and factory centers of the east was disappointing to his followers. To both Republican and Democratic leaders, the returns indicated that organized labor did not rally to the independent ticket as solidly as its leaders had hoped.

Labor apparently did not Tuesday as it has always done in National elections, divide along the usual partisan lines.

The American federation of labor did this year what it never before attempted to do—endorse a particular candidate and get behind him—and the result was a greatly increased popular vote for that candidate, by no stretch of the imagination, solid labor voting.

The results disclosed, too, that La Follette's knife was two-edged, that instead of well nigh wrecking the Republican party, as did Roosevelt's Progressive candidacy he cut about evenly into both old parties.

In the east, he hurt the Democrats far more than he did the Republicans by taking away the normal Democratic labor vote which Wisconsin always relied on. This was evidenced particularly in such industrial states as Rhode Island and New Jersey. In the west, La Follette hurt the Republicans more than the Democrats. He took his own State, Wisconsin, entirely out of the Republican electoral column, and he cut heavily into such normally Republican states as Minnesota, Wyoming, Iowa and the two Dakotas.

The future of the La Follette-independent movement was the subject of keen speculation today whenever politicians were gathering for post-mortems. It was La Follette's hope to roll up a tremendous popular vote to form the nucleus of a new and permanent third party in American politics.

Whether after a sober study and survey of the returns he and his sup-

PARADISE

With hunting season in full swing and election day at hand, the men of our town are very busy folks.

Mr. and Mrs. James Carns, Mr. and Mrs. Judd Carns and family with their friends, Mr. and Mrs. Jack Simmers drove out to the "Wolf Ridge Hunting Camp" and spent Sunday enjoying the mountain scenery, and were also fortunate enough to see two large deer on their way out.

Mrs. Maggie Selfridge has returned home from Crooked Run Camp after a visit with her husband who is keeper and cook of the camp.

Mr. and Mrs. Warner Evans and children motored to Patton Sunday and visited with Mr. and Mrs. Wm. Snedden, formerly of this place.

Mr. and Mrs. Zack Thomas of Hyde City and Mrs. Annie Thomas of DuBois were guests at the home of Mr. and Mrs. Thomas Thomas on Sunday. Mrs. Thomas expects to spend some time here.

Mr. and Mrs. Paul Shaffner of Snow Shoe spent Sunday with Mrs. Shaffner's parents, Mr. and Mrs. W. A. Henchberger.

W. E. Evans and Frank Dale spent Saturday at Black Oak, hunting.

Messrs. Harry Thomas and Frank Heberling motored to Big Run on Friday night and attended a Masquarade Dance.

Homer Cowder, of Blue Ball, spent Saturday with his sister, Mrs. Denzil Collins, and also enjoyed a hunt in the mountains.

Mrs. Naolen Bowers and daughter Audrey have returned home after a three week's visit with her sister Mrs. Clarence Swartz, at Philadelphia.

Mrs. Leo Wilson was admitted to the Clearfield hospital on Saturday night, where she will undergo an operation. We hope for her speedy recovery.

Mrs. Mary Ogden who has been a patient at the Clearfield hospital for the past six weeks is reported to be improving at this writing. Mrs. Ogden has many friends who regret to

hear of her illness and hope she will soon be well again.

Mr. and Mrs. W. A. Williams, Miss Goldie Shugarts, A. I. Shugarts, Joseph Shugarts, of Shawville, and Miss Margaret Kenney, of Barnesboro, spent Sunday in Philipsburg.

Mr. and Mrs. A. P. Walker and family accompanied by Mr. and Mrs. H. R. Ozman and daughter, Mary Jane, of Brookville, spent Sunday at Jury's Mill Camp, and tramping over the mountains.

Herbert Thomas is spending a few days at Bedford County in company with Sylvan Williams, Carl Conklin, Lee Linsingbier, Cecil Nichols, and Vaughn Brock, who are hunting wild turkey.

Borneo Wedding Ceremony.

On the wedding day, in Borneo, the bride and bridegroom are brought from opposite ends of the village to the spot where the ceremony is to be performed. They are made to sit on two bars of iron, that blessings as lasting and health as vigorous may attend the pair. A altar and betel-leaf, prepared with the area-cut, are next put into the hands of the bride and bridegroom. One of the priests then waves two fowls over the heads of the couple, and in a long address to the Supreme Being, calls down blessings upon the pair, and implores that peace and happiness may attend the union.

Rexall Remedies

Enrich your blood, build up your system and ward off colds by using Rexall Emulsion of Cod Liver Oil. It's a remarkable food tonic—made from finest quality Norwegian oil, pleasantly flavored. Highly concentrated, but easy to take.

To combat a cold and for relieving feverishness, headache, and muscular pains, we recommend Rexall Laxative Aspirin Cold Tablets.

For simple coughs rely on Rexall Cherry Bark Cough Syrup. It soothes the membranes and relieves congestion. Absolutely safe for children.

The Positive Laxative Action

of the drug phenolphthalein is so generally recognized that it is the chief ingredient of many laxative preparations.

Prominent among these is the

PHENOLPHTHALEIN LAXATIVE TABLET

a pleasantly flavored pink tablet which we can recommend as a thoroughly reliable remedy for chronic constipation.

The tablets are divided across the middle, making it easy to regulate the dose.

Ask for the pink laxative tablet in the open front carton.

Effect of High Altitudes. At a high altitude the atmospheric pressure is much less than at sea level. This decrease in pressure produces a lowering of the temperature at which water boils. Since water can be boiled at a lower temperature, an egg can be cooked more quickly at sea level, provided the temperature is sufficiently high to cook the egg. At a height of 18,000 feet, water cannot be heated in open vessels above 180 degrees Fahrenheit, and this is not hot enough to set the white of an egg.

By W. S. COUSINS

(I. N. S. Financial Editor.)

New York, Nov. 5.—An enthusiastic and vigorous forward movement in the principal railroad stocks was the stock market's response today to the results of the presidential election.

Current freight loadings and earnings reports also gave promise of a better outlook for the transportation systems.

New York Central and Atchafalaya, both in new high price territory for the year, were the leaders in this movement.

Union Pacific above 142 showed a gain of 3 points. Wabash, Missouri Pacific and a score of the low priced rails, some of them in the near dividend class, had an extremely active session with price gains of 1 to 2½ points, facing them into new high levels for the year.

In the first two hours the 20 railroad stocks in International News Service compilation gained 2.12 points, while in the same period total stock sales on the New York Stock Exchange exceeded \$800,000 shares.

The industrial leaders were taken in hand later in the session and boosted to the highest prices for the year and in some cases to the highest point in their history. American Can at 141 showed a gain of about four points for the day; American Radiator was up six at 128½; General Electric up 4½ at 260½; Mallinson Silk up at 31½; Baldwin up 2, at 122½.

Schulte Stores, Peoples Gas, United States, Savage Arms and a score of other active industrials gained from one to three points. Cast Iron Pipe made another high record above 124.

Hardening of copper metal prices had a good effect on copper stocks today. American Smelting hung up a new high record since 1919 at 82½ a gain of 3 points for the day. Cerro de Pasco, Anaconda and Utah were in good demand at fractionally higher prices.

American Sugar common made a good response to President Earl Babst's statement by selling up to 40½ for a gain of 2 points. Universal

Chicago, Nov. 5. (INS).—The grain market closed higher today. Wheat finished 3½ at ½ higher; corn closed 1½ to 1½ higher and oats finished 1½ to 1½ higher.

Wheat jumped up at the opening of the market with a rush of buying spurred by the big advance in foreign markets. Unfavorable weather conditions over Canada also were a bullish factor. The upturn brought some profit taking but the market readily absorbed it with a firmness which it has not exhibited in some time.

Corn met with general short covering and commission house buying throughout the session. Selling was scattered and mostly for profit taking.

Dogs Trained to Hunt Truffles.
The truffle is an edible fungus growth found in certain parts of the tropic, growing a few inches underground, and is considered a delicacy for the table. Dogs are often trained to find them. They learn to detect the presence of the truffle under the surface of the soil by a faint odor given off by the truffle. The dog, when over the spot, stops and pats the ground with his paw. Then the man digs up the truffle.

King's Watch Mark of Honor.
The king's watch, which is regarded as one of the greatest honors the king of England can bestow, is awarded to secret-service men only. The decoration consists of a gold hunter watch of exquisite workmanship. Inside the case is inscribed the words, "For Services Rendered.—George."

Have Private Fish Ponds.
When the natives of Pondicherry, in the Pacific, go fishing they bring the fish home alive and put them in lagoons or small lakes in the hills. Every village owns a lagoon and every villager owns a portion of the water, fenced off with palm leaves, where the household supply of fish is kept alive until needed for food.

Origin of Wall Paper.
Wall paper originated in China, but in China it was not known as wall paper. It remained for the western world to take the idea or huge wall painting, mounted upon rollers, which were mounted ceiling-high, but never affixed to the walls, and from such temporary decorations evolve the wall coverings of today.

Curwensville's Own Column

Mr. and Mrs. Dorsey Wilson and Mr. Annie Hartzfeld, all of DuBois, sat Sabbath in the home of Mr. and Mrs. Lynn Kester, Ridge avenue.

Mr. and Mrs. Silves of Clearfield and Miss Anne Post of Curwensville, were united in marriage by the bride's pastor, Rev. J. V. Adams at the Methodist Episcopal parsonage, on Monday evening, Nov. 3d at 5 o'clock, by the use of the ring ceremony of the church. The bride is a daughter of Mr. and Mrs. William Post, Pike township near Bridgeport, and is an accomplished church worker. Mr. Silves is a plasterer by profession and will continue to live in Clearfield where he has his bride. They will visit Mr. Silves' mother in Oil City and other relatives in that region on their brief honeymoon.

Mr. L. Dale, one of Curwensville's oldest citizens has the distinction of having cast his vote yesterday, after sixteen Presidents of the United States, he having cast his first vote for Abraham Lincoln in 1860. He is probably the only individual in the community who claims such a record, although there are several men older in years than he.

Someone broke a window in the Curwensville hardware store at an early hour yesterday and purloined a revolver and a number of boxes of cartridges. The hole in the plate glass was made by wrapping a large stone in a cloth and using it as a slingshot. Several persons are suspected of having a hand in the crime.

James Wright now reports that the work on the new bridge is completed. The bridge is ready to be lifted from the site of the contractors. Engineering will be here some day this week to look over the work with councilmen, and a general inspection of the bridge.

Clark Norris, who has been visiting the summer on the Norris farm, will leave this week for Illinois where he expects to reside with one of his sons.

Black went to Pittsburgh yesterday and will bring home a large commercial truck, for hauling coal and other heavy work.

Director Doverspike and wife left yesterday for New Bethlehem for a few days visit with his mother who is about departing for her home in Colorado for the winter.

Yesterday being such a warm day, a large number of people were out in the streets. A number of Curwensville people attended the funeral of Mr. Erwin at New Millport this afternoon.

nearly 500 over Edward Benson, his opponent.

Jones Gets Biggest Vote. To the Hon. Charles B. Jones, of Ramey, went the glory of polling the largest majority of any Republican on the ticket. His total vote will exceed that of John Scollins, the Democratic candidate, by more than 600 votes.

The vote by wards is as follows:

President.									
Wards	1	2	3	4	5	6	7	8	Total
Coolidge	311	316	151	175	300	212	146

No Constitutional Convention. The voters of Clearfield were in line with the big majority of Pennsylvania voters and overwhelmingly defeated the proposed constitutional convention. Every ward returned heavy majorities against the proposition.

An army of 21,000 voters made their way to the polls in Clearfield county yesterday and exercised the greatest privilege ever accorded an individual by casting their votes for the men of their choice for the Presidency of this great country, in its turn the greatest honor, responsibility and opportunity for real service to his fellow man ever allotted to any individual in the world's history.

That human nature is the same the world over and that what appeals to the man in Maine as the best thing to do when his country's welfare is at stake appeals in like measure to his fellow voter in California, also Pennsylvania, was demonstrated anew when Clearfield county joined with three-fourths of the balance of the country at large by voting overwhelmingly to place the conduct of governmental affairs the coming four years in the hands of Calvin Coolidge of Massachusetts and Charles G. Dawes of Illinois, the candidates of the Republican party for President and Vice President.

The tabulated vote in Clearfield county for 103 of the 110 voting precincts of the county gave Coolidge a majority of 8087, which will likely be increased to 8500, when all the districts are heard from and the official count tabulated. Coolidge polled at least 5000 votes; more than the combined totals of Davis and LaFollette. Congressman William I. Swoopes was re-elected and received in Clearfield county the greatest total vote ever recorded by any candidate, as his

total exceeds that of Coolidge himself. Congressman Swoopes will have 6000 majority in this county and possibly twice that many in the 23rd district.

For the Assembly in District No. 1 Hon. Charles B. Jones of Ramey, has more than 3000 over John Scollins and his total will be increased to 3300 by the seven districts to be heard from.

In District No. 2, Geo. Lukehart of DuBois, will have nearly 2500 over the Hon. W. H. Betts, his Democratic opponent, while Weber, the Klan candidate is more than 700 behind Betts.

The unofficial figure for the county, with the 7 precincts unaccounted for, follows:

Greater New York Put Smith In Governorship; Upstate Is Republican

New York, Nov. 5 (INS).—With nearly ninety per cent of the vote tabulated, Gov. Alfred E. Smith was leading Col. Theo. Roosevelt by 58,552 votes in the gubernatorial race. Early today the complete vote from all but 509 of the 7563 election districts gave Smith 1,499,149 to 1,380,597 for Roosevelt. Indications were that the Smith majority would pass the 100,000 mark as more than half of the missing precincts, 414, are in Greater New York where the Governor rolled up a majority of more than 450,000 over Roosevelt. Roosevelt's majority over Smith up state was 362,792.

A great Democratic tide, sweeping up from the five boroughs of New York City, saved the Governor from defeat. On the face of the returns he carried only three counties outside of the city—Albany, Clinton and Hamilton—and his majority in the latter two is so slight late tabulations may upset it.

INDOOR BASEBALL

A LIVELY SPORT AT Y

The Y. M. C. A. Junior indoor baseball team celebrated election night on the gym floor when they scalped the fast Business Boys team 10 to 8 in one of the most closely played games this season. Overcoming a lead of five runs, they pushed seven runs over in the 4th inning and then retired their opponents in one, two, three order in the final trial. There were many "Walters" who took their turn in the box and the contest seemed to bring back memories of the world's series.

Does Your Back Ache?

Bad Backs Bring Suffering to Many Clearfield Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Clearfield f. s.

Mrs. Martin Hughes, 423 W. Pine St., Clearfield, says: "There was a steady ache in my back but it was worse when I stooped because then, I got a sharp catch and it was hard to straighten. Mornings my back was lame and sore. My kidneys acted sluggishly. Doan's Pills from Woodward & McPherson's Drug Store cured the backache and regulated my kidneys. I haven't been troubled since." Swan Song. Many authorities both ancient and modern could be quoted in support of the opinion that the swan "dies so joyfully that he sings sweetly when he dies," observes a correspondent; but only one need be given here. It is from Coleridge, and should carry conviction to all reasonable people: Swans sing before they die; 'twere no should certain persons die before they sing.

We have Plato's assurance that Apollo rejects to swans before their death the good things he has in store for them, and therefore they sing and rejoice as they die. There is a tradition that Pan haunts the tall reeds around the loch, and it is well-known that he can deal very severely with anyone who shows too much curiosity about himself or his friends.

Fortune's Uncertainty. The wheel of fortune incessantly goes round, and who can say within himself, I shall today be uppermost.—Confucius.

Billiard Balls. All billiard balls are true when they are sent out by responsible makers, but they do not as a rule remain true. The usage they get is often careless and indifferent. It is often rough. Sometimes a ball that is true in the beginning will become untrue, even with the best treatment you can give it. Change in temperature is an important factor, for ivory will expand and contract more in one part of the ball than another, for the reason that the ivory may be denser in one part of the ball than another. Hence the sphericity of the ball will be disturbed. When there is a difference in the specific gravity of ivory the makers aim to use that part of the ivory which is heaviest as the center of the ball.

Derivation of Custard. Custard was a corruption of a middle-English word meaning a p/e or tart and was allied to the modern French word crouteau of the same use. All these words came from the Latin crusta, meaning a crust.

COOLIDGE AND DAWES SWEEP THE NATION: GET TREMENDOUS VOTE
379 Electoral Votes Assured
On Basis Of Afternoon TallyBy GEORGE R. HOLMES
(International News Service
Staff Correspondent)

New York, Nov. 5.—President Coolidge has been elected to succeed himself by a popular majority that is probably unprecedented and by a majority in the Electoral College that has been surpassed but twice in the history of the republic.

Late returns from doubtful states in the West this afternoon emphasized the magnitude of the Republican sweep and assured Coolidge and Dawes 379 votes in the College, a majority of 113. The two occasions on which this figure was exceeded were in 1912 when the Republican split allowed Wilson to roll up 435 and in 1920, when Harding polled 404.

New York, Nov. 5 (INS).—John W. Davis, Democratic candidate for the presidency, conceded the election of President Coolidge today in a telegram which he sent to the President.

New York, Nov. 5.—At 8 a. m. with a few states still in doubt, President Coolidge seemed assured of a victory in the electoral college in excess of 370, against a necessary figure of 270.

On the basis of returns at that time, Coolidge carried California, Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Nebraska, New Hampshire, Missouri, New Jersey, New York, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Washington, West Virginia, Wyoming.

There appeared to be certain and no provide an electoral vote of 357. There was some doubt as to Missouri and North Dakota, but the Republicans claimed them and their claims seemed to be warranted.

Davis carried Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, New Mexico, a total of 136 electoral votes.

Coolidge and Dawes swept through conservative, industrial and financial states like a hurricane. Plurality were rolled up in the larger states like New York, Ohio, Pennsylvania, Massachusetts, and Michigan that were keenly reminiscent of 1920. In some states it appeared probable this morning that the record-breaking figures of 1920 would even be topped by those of 1924.

SPLIT TICKETS

Albany, N. Y.—Governor Alfred E. Smith has been elected Chief Executive of New York State over Col. Theodore Roosevelt by 110,000 according to unofficial returns compiled here today.

The Governor is believed to be the only candidate on the Democratic state ticket to overcome the Coolidge landslide.

Helena, Mont.—Montana has swung into the Coolidge landslide, according to scattered returns from 42 of the 50 counties, and Senator Thomas J. Walsh, Democrat, "oil investigator," has been returned to the upper house of Congress, with the governorship also going to the Democrats.

Returns from 391 out of 533 precincts in the state this morning gave Coolidge 26,750, La Follette 20,048, and Davis 12,546.

For state senator Walsh, Dem., 29,414; Linderman, Rep., 25,023. For governor, Erickson, Dem., 25,194; Dixon, Republican, 20,229.

Johnstown, Pa.—Coolidge carried Cambria county according to incomplete returns today. The vote was Coolidge, 4346; Davis, 2065; La Follette, 722.

Denver, Colo.—In one of the largest polls ever cast in Colorado, Republican leaders early today were claiming a plurality of 75,000 for President Coolidge with the election of the entire state Republican ticket, two Republican United States Senators and three of the four members of the House of Representatives from this state.

Returns were extremely slow in coming in from the state as well as Denver, but with approximately 800 of 1,492 precincts reporting the Republican claims appeared well founded.

Harrisburg, Pa.—The state senate will see its first woman member at the next session because of the victory Mrs. Flora M. Vane, Republican, widow of Edwin H. Vane, scored over Edward A. Conwell, Democrat.

In three of the other senatorial districts where fights were anticipated, Republican candidates have maintained leads with indications that they will be elected.

In the 27th, Senator Steel, Republican, had a lead of approximately 4,000, with three-quarters of the districts heard from. D. Webster Shipman was the Democratic nominee.

Senator Fred W. Culbertson, Republican, had a 2,200 lead over Scott S. Leiby, Democrat, with two-thirds of the precincts tabulated.

In the 33rd the race was closer. Norman L. Bonbrake, Republican, was leading Daniel M. Sheely, Democrat, by almost 300 votes, but more than half of the precincts were yet to report.

The 11th, 13th and 35th were the doubtful districts.

BIG MAJORITIES
FOR REPUBLICANS

DuBois, Pa., Nov. 5.—One of the largest votes in the history of the city was cast yesterday in the presidential election, but the election boards, worked smoothly and the returns were all tabulated before 12 o'clock.

Coolidge scored a clean cut majority over all candidates, receiving 2256 votes. As expected La Follette ran second, getting a total of 701 votes. This was considerably lower than his supporters had claimed previous to the election, and was just about the figure that he was granted by those in touch with the situation. Davis, the Democratic candidate, ran third, getting but 525 votes. This low figure is accounted for in some degree, by the fact that many Democrats voted for Coolidge.

In the legislative fight Lukehart carried the city by a good margin, securing a lead of 515 over Betts, his nearest opponent. Weber, who was counted upon as a strong candidate, ran third, emerging with 733 in the city.

William J. Swoope, for Congress, was given a large vote, notwithstanding "bear" stories to the effect that he would likely be heavily cut. He polled a vote of 2095 to 1333 for Benson.

The voters of DuBois did not take very kindly to the proposed amendment to the constitution calling for a constitutional convention. This was defeated by a vote of 558 to 1642, every ward in the city giving an adverse vote against the proposition.

There was not the cutting and

At Early Hour Today

Harrisburg, Pa., Nov. 5 (INS).—Alfred Gonzales, 11 year old son of Mr. and Mrs. Harry Gonzales of Steelton was kidnaped this morning as he was playing in the yard of the St. James school at Steelton.

Alfred was playing tag with a group of school mates when two men drove up in a touring car. They yelled something to him in Spanish. Alfred speaks both Spanish and English. The child walked over to them, and one of the men grabbed him and pulled him into the machine.

The kidnaping was witnessed by other children and the school teacher. The boy's father, a traveling salesman, is in Chicago.

So far the police can find no motive for the kidnaping. Scores of local and state police are working on the case.

Clearfield borough voters were both anxious and willing to get at La Follette and his "paper legions" and succeeded in rolling up a total of a few more than 2,600 votes.

For the first time in the history of the county every precinct in the town returned substantial Republican majorities for every candidate on the ticket from President down to member of Assembly.

The vote for President and Vice President resulted in a majority of 561 for Coolidge and Dawes over Davis and Bryan with the slacker in war and political dastard in peace La Follette running a dirty third. The vote follows:

APPRECIATIVE OF FINE WORK DONE

Washington, Nov. 5, (Wednesday) (INS).—President Coolidge went to bed at 12:45 o'clock this morning confident that he had been re-elected to the White House by a substantial majority.

Just before he retired the President received a telegram from W. M. Butler, chairman of the Republican National Committee formally notifying him of his election.

"The American people have spoken. They have elected Calvin Coolidge and Charles G. Dawes by a decisive vote. After the people have spoken so conclusively there is little for any one to say. I sincerely thank the men and women who have worked so diligently to bring about this magnificent result."

"Under the leadership of Calvin Coolidge, the Republican party will go forward to new achievements for the people. I again thank my co-workers in every precinct for their loyalty and effective work."

This County Is Open
To Hunting; Telegram
Of Yesterday Misleads

Misinterpretation of a telegram received in Clearfield yesterday from Secretary Seth E. Gordon of the State Game Commission resulted in a misstatement concerning the right to hunt in Clearfield county.

The statement was made in The Progress last evening to the effect that this county was closed to hunting when such is not the case. The county is open to hunting now and will continue to be so until or unless Governor Pinchot issues another proclamation requiring that all hunting cease until rain falls in sufficient quantity to make the woods safe from fire.

COUNTY RESULTS

The unprecedented weather of Tuesday, the finest election day so far as the weather is concerned, in the history of Clearfield county resulted in the greatest victory for its candidates both National, State and District in the history of the Grand Old (not oil) Republican party.

The unprecedented weather resulted in bringing out an unprecedented vote and that vote resulted in unprecedented victories for every Republican candidate on the ticket from Pres-

The Republican party, as in the Nation was a vital living organization all through the campaign and the local organization found its work made easy for it because the people generally were for Coolidge from the opening gun of the campaign and appeared to become stronger and more united to become stronger and more united.

HOW THE STATES VOTED

Lineman Electrocuted As Ladder in Throwing Switch On Power Line

Clearfield, Pa., Nov. 5.—A very serious accident resulting in the death of Norman Bloom, an 18-year-old youth employed by the Penn Public Corp., occurred here yesterday morning.

While working on an automatic switch on a high tension line. The switch had been automatically thrown out, and as Mr. Bloom went to close it, he was electrocuted.

Mr. Bloom, it is said, was standing on the ground at the time and was knocked several feet away. Other employees were nearby and rushed to his aid. First aid treatment was rendered before the arrival of a doctor, but all efforts to resuscitate him were in vain and he died in a few minutes.

Mr. Bloom was a very popular and highly respected young man and his sudden death was a shock to the entire community. He is survived by his father and mother, Mr. and Mrs. John Bloom, a brother, two sisters, Mrs. Gordon Mills and a younger sister at home.

Sets Check Book Ahead.
The mental twin of the man who sets his watch 15 minutes ahead to make sure of catching his train has been found in a large business house in the financial district. He sets his check book ahead. Each Saturday he takes his check book, tears therefrom a check which he destroys, and then enters \$10 on the stub. When Dec. 1 arrives he finds himself in possession of \$300 more than his checking balance shows. He then cuts his own little Christmas memento and has enough to do his Christmas shopping without endangering his solvency.

German Teacher's Record.
Thomas Diddin tells in his "Bibliomania" of a German pedagogue who had for 51 years prior to his death superintended an institution in Suabia with old-fashioned severity. From an average inferred by means of recorded observations one of the ushers calculated that in the course of his career his chief had given 911,500 canings, 121,000 floggings, 200,000 custodes, 120,000 tips with the ruler, 10,200 boxes on the ear and 22,700 tasks by heart. It was further calculated that he had made boys kneel on peas 700 times, kneel on a sharp edge of wood 4,000 times and wear a fool's cap 5,000 times.—Manchester Guardian.

G. O. P. SWEEP IN PA. OUSTS DEMOCRATS FROM CONGRESS

Harrisburg, Pa., Nov. 5 (INS).—Just what majority Pennsylvania gave the Republican Presidential ticket was the only question to be settled in this state, aside from a few congressional and senatorial district fights.

The Republican candidates for three state offices were easy winners. Judge Frank M. Trexler, of Allentown, was re-elected to the Superior court. Samuel S. Lewis, present auditor general, was chosen state treasurer to succeed Charles A. Snyder, and Edward Martin of Washington, Pa., will step in as Auditor General, succeeding Mr. Lewis.

That the Democratic strength in Congress from the Keystone state was cut in half was evidenced with all but two districts settled. The seventeenth and twentieth were still in doubt early this morning.

Democrats were unseated in the twelfth, where Edmund N. Carpenter Republican, defeated John J. Casey, Dem., the fourteenth where Charles J. Esterly, Republican, was chosen over Wm. M. Croll, Dem.; and the 19th where Joshua W. Swartz, Republican, won over Frank C. Sites, Dem.

Clove Trees Scented.
Ninety per cent of the world's supply of cloves comes from two tiny islands off the coast of Africa—Zanzibar and Pemba. Native of the tropics, the clove takes unto itself some of the intense heat of the broiling sun. To pass through a clove plantation in the harvest is to experience one of the most fascinating sights on earth. The high trees—some of them nearly forty feet, and closely resembling the olive tree in appearance—are suggestive of giant perfume bottles, disgorging leaves. The air is saturated with the delicious scent and for many days afterward your clothes carry the seductive aroma.

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking 4 bottles of May's Wonderful Remedy I have been entirely well and am serving in the artillery, having been pronounced in perfect health by government physicians." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Hard Usage Simply Emphasizes CROMAR'S Enduring Qualities

In few places are floors subjected to harder usage than in apartment houses—which partially explains why CROMAR Oak Flooring is so rapidly growing in favor with apartment builders and owners. Equally important reasons are CROMAR's greater beauty of finish and the lower cost of a completed CROMAR Floor—no more than a good carpet.

CROMAR Oak Flooring is scraped, sanded, filled, varnished and waxed by special machines, at the factory. It reaches you ready to lay. It is laid at the speed of a room a day. And when the last nail is driven, your CROMAR Floor is ready for immediate use.

This, in a few words, is the success story of CROMAR. An interesting booklet tells in detail how CROMAR is made, packed, shipped and laid.

ODDS AND ENDS AND THINGS

By J. D. C.

Governor Pinchot's decision to keep the hunters out of the woods of Pennsylvania as a precautionary measure against possible forest fires, met with the commendation of all true sportsmen and conservationists. Keeping down forest fires will save the forests while the keeping of hunters out of the woods will save the small game. And the Lord knows that the rapidly disappearing small game needs all the assistance it can get.

The women are in politics to stay. We had occasion to visit the delectable polling places in Clearfield today and at everyone of them but the first precinct of the Second Ward, where only two female captains of politics were in hand, the women election officers, "Ward Healers" outnumbered the men two to one. Shades of the long distant past. We would like to have seen the antics of the woman Ward Healer at several Democratic primaries we had occasion to participate in in this benighted village twenty five to thirty years ago. "Them were the days."

Coach Reed and his Red and Black High School football teams present a veritable "bloody but unbowed" heads these days, and while they were forced to take the short end of the stick by Altoona, Johnstown and Lack Haven on successive Saturdays, the team grew in estimation of both the local fans and the opposition team and their friends by the never say die spirit of the Red and Black every scrimmage. Coach Reed and his team are handicapped by lack of material or numbers. Each defeat barked up against the locals was very gained by or through superior numbers on the part of the other fellows. Our boys carried the scrap to the enemy in each of the three contests mentioned and were only forced to go down to defeat because the enemy had too strong a reserve line. When one of the enemy stars tried to pull him out, rushing in a substitute almost or just as good, who spelled the other fellow until he got his second wind, after which another which would be made and another fresh athlete sent into the fray. Our lads were thus called upon to combat two teams and it proved to be more than flesh and blood could stand. They had to give way to superior numbers and lost for no other reason. They deserve credit and oodles of it for their fine showing under this pronounced handicap. They are one and all good game lads and deserve the most loyal support of all Clearfield.

Well, that job is over and done with for another four years, and "Silver Call" will remain at the helm of the Ship of State during the coming four years. That result was assured at New York last July and yesterday's election was only finishing what had been so well done by the forces of reaction in the Democratic national convention. In passing, we just want to repeat what we said then, that the power behind the lines in the defeat of William Gibbs McAdoo put an end to all Democratic hopes. That power was for Coolidge then and it

remained so. The Democratic party as it exists today has outlived its usefulness. The killing off of McAdoo, its strongest and most popular candidate, by the representatives of big business and reaction marked the final passing of that party, which from the very birth of this nation stood for real democracy and human rights and privileges above the dollar. thusiasm for him as the day of election neared.

The campaign was admirably handled by County Chairman Edwards and Secretary Dr. A. D. Cowdrick. They made a straightout, clean cut fight for their party ticket, the results speak volumes for the efficacy of their methods and the character and standing of the Republican candidates.

Congressman William I. Swoope was overwhelmingly re-elected. He carried Clearfield county by a majority of more than two to one over his Democratic opponent and made a similar run-away race of it in McKean, Centre and Cameron counties.

For Assembly in District No. 1 of which Clearfield borough is a part, Hon. Charles B. Jones, of Ramey, was elected over 'Squire John Scollins, of Routhdale, he also getting twice as many votes as his Democratic opponents.

The Coolidge sweep carried George A. Lukehart of DuBois to victory over his Democratic opponent, the Hon. W. H. Betts of DuBois. Weber, Ind., with an alleged Klan endorsement fell far outside the breastworks.

men who held seats in the 1923 House of Representatives was shown by early returns. They are Miss Helen Grimes, Rep., 12th, Allegheny; Lillie H. Pitts, Rep., 21st, Philadelphia; and Miss Martha G. Thomas, second, Chester.

General interest in other districts was centered on the attempt of the Democrats to increase their strength above the 41 they had in the 1923 session.

Milwaukee, Wis.—Wisconsin, rallying to the support of her favorite son, today had given Senator Robert M. La Follette a lead of 36,000 over President Coolidge and had re-elected Gov. John J. Blaine. La Follette personally endorsed gubernatorial candidate.

Returns from 1,055 of the state's 2,679 precincts tabulated today showed: La Follette 156,410, Coolidge 120,950, Davis 23,637.

Seven hundred and eighty-four precincts for governor gave Blaine 89,980; Martin L. Lueck, 52,411; Wm. F.

Quick, 333 and Adolph R. Buckman, 368.

Birmingham, Ala.—"The apparent overwhelming Republican victory does not mean disaster for the Democratic party. It will come back in 1928."

This was the statement made by Senator Oscar W. Underwood today commenting on yesterday's election. The Alabama senator attributed the landslide to a "split in the Democratic ranks."

Charleston, W. Va.—President Coolidge's lead in John W. Davis' native state had mounted to more than 25,000 in returns today from 951 of the 2,191 precincts. Howard M. Gore, Republican, candidate for governor, was ahead of his party's national ticket, and Guy D. Goff, Republican, for United States senator, maintained a commanding lead over his opponent, William E. Chilton, Democrat.

The figures: Coolidge, 136,831; Davis, 111,067; La Follette, 12,840. For senator, 393 precincts: Goff, 154,007; Chilton, 114,384. For governor, 943 precincts: Gore, 140,058; Fisher, 111,945.

Toledo, O.—Congressman Isaac R. Sherwood, Democrat, 88, the oldest member of the House, was defeated for re-election by W. W. Chambers, former member, returns here today shows.

Des Moines Iowa.—For the first time in more than half a century, Iowa seems to have elected a Democrat to the U. S. Senate.

With more than half the votes counted, Dan-Steck, Democrat is leading Smith W. Brookhart, Republican incumbent, in the Senatorial race by more than 7,000 votes. Although nominally the Republican candidate Brookhart did not have the support of Republican leaders of the state.

Eleven Iowa congressional districts will return Republicans to the National Congress.

A solid Republican state ticket was also elected.

In the presidential contest 1,478 precincts out of 2,418 in the state gave Coolidge 351,123; LaFollette 172,381; Davis 98,409.

For U. S. Senator, 1,349 precincts

gave Steck 261,075; Brookhart 252,600.

Brookhart managers refuse to concede defeat, contending that the unreported rural vote will sweep the Junior Senator back to Washington.

Albuquerque, New Mexico.—Apparently the only rocky mountain state to remain out of the Coolidge column, New Mexico's electoral vote will be cast for John W. Davis, Democratic presidential candidate according to scattered returns early today. Because of the heavy vote and the fact that the only "straight" tickets were being counted, the returns were extremely slow in being announced. Figures at an early hour today showed Davis with a majority over both Coolidge and LaFollette, with the latter polling a small vote.

Phoenix, Ariz.—President Coolidge today apparently had carried Arizona although the vote was close and later returns may place the state in the Democratic column late returns to

None Finer Than The New Chrysler Bodies By Fisher

A new delight and a still higher satisfaction now await you in the Chrysler Six with new Body by Fisher.

Here is body-work not excelled even by the most costly custom creations.

Here is body-work of a quality specially designed to match the supreme Chrysler quality so decisively shown in performance and engineering and convenience that the whole country is talking about it.

Your special attention is called to the exceptional quality of trim, lustrous beauty of body finish,

excellence and good taste of detail; also that assurance of greater riding comfort, Marshall springs in arm rests as well as seats.

Elegant, luxurious, beautiful—built expressly for Chrysler by master body-manufacturers who have no peer in the world—these new Fisher bodies now give to Chrysler the final distinction to which it is entitled.

You can be certain that nothing in the way of finer bodies can be bought, just as nothing finer than Chrysler performance exists in the automobile industry.

A Compliment

Two women—summer residents—were in our store yesterday and told us that a year ago they purchased four pair of "PIGEON" hose. It has just become necessary to replenish their supply.

Two pair will wear you six months. Of many kinds they have worn, they said none have the lisle tops and soles matched so evenly with the silk body as "PIGEON". Our answer was: "The 'Pigeon' system of dyeing is more than just putting stockings into a dye vat."

day: Coolidge 3,875, Davis 3,548 and LaFollette 915. Governor Hunt, Democratic incumbent was leading Dwight Heard, Republican for Governor by 200 votes and Hayden, Democrat, was leading Galbraith, Republican, for Congress.

Louisville, Ky.—With but 540 of Kentucky's 3,971 precincts untabulated, this "border state" today appeared to have been swung under the Republican landslide. Figures compiled from 3,341 precincts gave Coolidge 337,837; Davis 331,244 and LaFollette 29,800.

The Republican wave also appeared to have carried Sackett, Republican candidate for the United States Senate; on its crest, 2,393 precincts giving him 343,361, and Stanley, his Democratic opponent 331,629.

Coolidge and Dawes Sweep The Nation

(Continued from Page One)

A popular majority Coolidge is expected to exceed the seven million mark obtained by Harding in 1920.

Up to this afternoon five states had been considered doubtful—Arizona, Minnesota, Montana, Nevada and New Mexico. Late returns put all but New Mexico in the Republican column.

Davis appears to have carried New Mexico by a slight margin, this state and Oklahoma and Tennessee being the only states carried by Davis above what James M. Cox carried.

On the basis of these returns, Coolidge will have 379 votes in the College, Davis 139 and La Follette 13—his native Wisconsin.

The only fly in the Republican ointment is the doubt that there is about a clear cut majority in Congress.

Late returns indicate the Republican landslide carried with it enough Republican candidates for Congress to provide a paper majority of about thirty seats. This is not sufficient to give the Republicans a dependable working majority for a coalition of Democrats and insurgent Republicans (there are sixteen of these from Wisconsin and the Northwest) can block the administration on any agreed on occasion.

In the Senate the same situation generally prevails. The Republicans gained seats in Colorado, Kentucky, Massachusetts and Oklahoma—four. They have apparently lost a seat in New Mexico, late returns indicating the defeat of Senator H. O. Bursum by Judge S. G. Bratton, Democrat, and they may lose seats in Iowa, where Dan Stark, Democrat, is running ahead of Brookhart, Republican, and in South Dakota, where there is a nip and tuck between McMaster, Republican, and Cherry, Democrat.

Either way the Iowa fight terminates, it is a loss for the Republicans. Brookhart is La Follette's chief lieutenant in the Senate, more often against the administration than with it, and Stark is a Democrat.

Thus the balance of power seems certainly to remain vested in the little group of insurgents, as it has been in the last Senate.

Late returns may yet give Brookhart a victory. His chief strength lies in the rural districts, slow to report, and Stark's lead is none too commanding.

Every state east of the Mississippi

marked the solid South save Wisconsin, flopped into the Republican column. So great was the momentum gained in this eastern avalanche that the Coolidge-Dawes ticket crossed the river and started like a prairie fire through the great grain and stock belt that stretches westward to the Rockies, sweeping everything before it by large majorities save Minnesota and Missouri.

Of the five states that were still considered doubtful this morning two were considered doubtful as between Coolidge and Davis. They were Arizona and New Mexico. Three were considered doubtful as between Coolidge and La Follette—Montana, Nevada and Minnesota.

There were two outstanding surprises in the results—so far as the national ticket was concerned. One was the weakness of the La Follette strength in places where it had been expected he would be dangerously strong—the Dakotas and Iowa, the other was the weakness of Davis in the states bordering on the solid South. Apparently the Democratic candidate carried only one of these, Oklahoma, losing Missouri, Kentucky, West Virginia, Maryland and Delaware.

La Follette's strength in the great industrial and factory centers of the east was disappointing to his followers. To both Republican and Democratic leaders, the returns indicated that organized labor did not rally to the independent ticket as solidly as its leaders had hoped.

Labor apparently did not Tuesday as it has always done in National elections, divide along the usual partisan lines.

The American federation of labor did this year what it never before attempted to do—endorse a particular candidate and get behind him—and the result was a greatly increased popular vote for that candidate, by no stretch of the imagination, solid labor voting.

The results disclosed, too, that La Follette's knife was two-edged, that instead of well nigh wrecking the Republican party, as did Roosevelt's Progressive candidacy he cut about evenly into both old parties.

In the east, he hurt the Democrats far more than he did the Republicans by taking away the normal Democratic labor vote which Wisconsin always relied on. This was evidenced particularly in such industrial states as Rhode Island and New Jersey. In the west, La Follette hurt the Republicans more than the Democrats. He took his own State, Wisconsin, entirely out of the Republican electoral column, and he cut heavily into such normally Republican states as Minnesota, Wyoming, Iowa and the two Dakotas.

The future of the La Follette-independent movement was the subject of keen speculation today whenever politicians were gathering for post-mortems. It was La Follette's hope to roll up a tremendous popular vote to form the nucleus of a new and permanent third party in American politics.

Whether after a sober study and survey of the returns he and his sup-

PARADISE

With hunting season in full swing and election day at hand, the men of our town are very busy folks.

Mr. and Mrs. James Carns, Mr. and Mrs. Judd Carns and family with their friends, Mr. and Mrs. Jack Simmers drove out to the "Wolf Ridge Hunting Camp" and spent Sunday enjoying the mountain scenery, and were also fortunate enough to see two large deer on their way out.

Mrs. Maggie Selfridge has returned home from Crooked Run Camp after a visit with her husband who is keeper and cook of the camp.

Mr. and Mrs. Warner Evans and children motored to Patton Sunday and visited with Mr. and Mrs. Wm. Snedden, formerly of this place.

Mr. and Mrs. Zack Thomas of Hyde City and Mrs. Annie Thomas of Dubois were guests at the home of Mr. and Mrs. Thomas on Sunday. Mrs. Thomas expects to spend some time here.

Mr. and Mrs. Paul Shaffner of Snow Shoe spent Sunday with Mrs. Shaffner's parents, Mr. and Mrs. W. A. Henchberger.

W. E. Evans and Frank Dale spent Saturday at Black Oak, hunting.

Messrs. Harry Thomas and Frank Heberling motored to Big Run on Friday night and attended a Masquarade Dance.

Homer Cowder, of Blue Ball, spent Saturday with his sister, Mrs. Denzil Collins, and also enjoyed a hunt in the mountains.

Mrs. Naolen Bowers and daughter Audrey have returned home after a three week's visit with her sister Mrs. Clarence Swartz, at Philadelphia.

Mrs. Leo Wilson was admitted to the Clearfield hospital on Saturday night, where she will undergo an operation. We hope for her speedy recovery.

Mrs. Mary Ogden who has been a patient at the Clearfield hospital for the past six weeks is reported to be improving at this writing. Mrs. Ogden has many friends who regret to

hear of her illness and hope she will soon be well again.

Mr. and Mrs. W. A. Williams, Miss Goldie Shugarts, A. I. Shugarts, Joseph Shugarts, of Shawville, and Miss Margaret Kenney, of Barnesboro, spent Sunday in Philipsburg.

Mr. and Mrs. A. P. Walker and family accompanied by Mr. and Mrs. H. R. Ozman and daughter, Mary Jane, of Brookville, spent Sunday at Jury's Mill Camp, and tramping over the mountains.

Herbert Thomas is spending a few days at Bedford County in company with Sylvan Williams, Carl Conklin, Lee Linsingbiger, Cecil Nichols, and Vaughn Brock, who are hunting wild turkey.

Borneo Wedding Ceremony.

On the wedding day, in Borneo, the bride and bridegroom are brought from opposite ends of the village to the spot where the ceremony is to be performed. They are made to sit on two bars of iron, that blessings as lasting and health as vigorous may attend the pair. A altar and betel-leaf, prepared with the area-cut, are next put into the hands of the bride and bridegroom. One of the priests then waves two fowls over the heads of the couple, and in a long address to the Supreme Being, calls down blessings upon the pair, and implores that peace and happiness may attend the union.

Rexall Remedies

Enrich your blood, build up your system and ward off colds by using Rexall Emission of Cod Liver Oil. It's a remarkable food tonic—made from finest quality Norwegian oil, pleasantly flavored. Highly concentrated, but easy to take.

To combat a cold and for relieving feverishness, headache, and muscular pains, we recommend Rexall Laxative Aspirin Cold Tablets.

For simple coughs rely on Rexall Cherry Bark Cough Syrup. It soothes the membranes and relieves congestion. Absolutely safe for children.

The Positive Laxative Action

of the drug phenolphthalein is so generally recognized that it is the chief ingredient of many laxative preparations.

Prominent among these is the

PHENOLPHTHALEIN LAXATIVE TABLET

a pleasantly flavored pink tablet which we can recommend as a thoroughly reliable remedy for chronic constipation.

The tablets are divided across the middle, making it easy to regulate the dose.

Ask for the pink laxative tablet in the open front carton.

Effect of High Altitudes. At a high altitude the atmospheric pressure is much less than at sea level. This decrease in pressure produces a lowering of the temperature at which water boils. Since water can be boiled at a lower temperature, an egg can be cooked more quickly at sea level, provided the temperature is sufficiently high to cook the egg. At a height of 18,000 feet, water cannot be heated in open vessels above 180 degrees Fahrenheit, and this is not hot enough to set the white of an egg.

Have you beer "Listening In" on the back page?

By W. S. COUSINS

(I. N. S. Financial Editor.)

New York, Nov. 5.—An enthusiastic and vigorous forward movement in the principal railroad stocks was the stock market's response today to the results of the presidential election.

Current freight loadings and earnings reports also gave promise of a better outlook for the transportation systems.

New York Central and Atchison, both in new high price territory for the year, were the leaders in this movement.

Union Pacific above 142 showed a gain of 3 points. Wabash, Missouri Pacific and a score of the low priced rails, some of them in the near dividend class, had an extremely active session with price gains of 1 to 2½ points, facing them into new high levels for the year.

In the first two hours the 20 railroad stocks in International News Service compilation gained 2.12 points, while in the same period total stock sales on the New York Stock Exchange exceeded \$800,000 shares.

The industrial leaders were taken in hand later in the session and boosted to the highest prices for the year and in some cases to the highest point in their history. American Can at 141 showed a gain of about four points for the day; American Radiator was up six at 128½; General Electric up 4½ at 260½; Mallinson Silk up at 31½; Baldwin up 2, at 122½.

Schulte Stores, Peoples Gas, United States, Savage Arms and a score of other active industrials gained from one to three points. Cast Iron Pipe made another high record above 124.

Hardening of copper metal prices had a good effect on copper stocks today. American Smelting hung up a new high record since 1919 at 82½ a gain of 3 points for the day. Cerro de Pasco, Anaconda and Utah were in good demand at fractionally higher prices.

American Sugar common made a good response to President Earl Babst's statement by selling up to 40½ for a gain of 2 points. Universal

Chicago, Nov. 5. (INS).—The grain market closed higher today. Wheat finished 3½ at ½ higher; corn closed 1½ to 1½ and oats finished 1½ to 1½ higher.

Wheat jumped up at the opening of the market with a rush of buying spurred by the big advance in foreign markets. Unfavorable weather conditions over Canada also were a bullish factor. The upturn brought some profit taking but the market readily absorbed it with a firmness which it has not exhibited in some time.

Corn met with general short covering and commission house buying throughout the session. Selling was scattered and mostly for profit taking.

Dogs Trained to Hunt Truffles.
The truffle is an edible fungus growth found in certain parts of the tropic, growing a few inches underground, and is considered a delicacy for the table. Dogs are often trained to find them. They learn to detect the presence of the truffle under the surface of the soil by a faint odor given off by the truffle. The dog, when over the spot, stops and pats the ground with his paw. Then the man digs up the truffle.

King's Watch Mark of Honor.
The king's watch, which is regarded as one of the greatest honors the king of England can bestow, is awarded to secret-service men only. The decoration consists of a gold hunter watch of exquisite workmanship. Inside the case is inscribed the words, "For Services Rendered.—George."

Have Private Fish Ponds.
When the natives of Nauru, in the Pacific, go fishing they bring the fish home alive and put them in lagoons or small lakes in the hills. Every village owns a lagoon and every villager owns a portion of the water, fenced off with palm leaves, where the household supply of fish is kept alive until needed for food.

The vice-regal lodge in Dublin is the private home of the lord lieutenant of Ireland while he holds office. The official residence is Dublin castle, where all receptions, balls and other functions of state are held.

Curwensville's Own Column

Mr. and Mrs. Dorsey Wilson and Miss Annie Hartzfeld, all of DuBois, sat Sabbath in the home of Mr. and Mrs. Lynn Kester, Ridge avenue.

Miss Silves of Clearfield and Miss Anne Post of Curwensville, were united in marriage by the bride's pastor, Rev. J. V. Adams at the Methodist Episcopal parsonage, on Monday evening, Nov. 3d, at 5 o'clock, by the use of the ring ceremony of the church. The bride is a daughter of Miss Mrs. William Post, Pike township near Bridgeport, and is an accomplished church worker. Mr. Silves is a plasterer by profession and will continue to live in Clearfield where he has his bride. They will visit Mr. Silves' mother in Oil City and other relatives in that region on their brief honeymoon.

John L. Dale, one of Curwensville's oldest citizens has the distinction of having cast his vote yesterday, after sixteen Presidents of the United States, he having cast his first vote for Abraham Lincoln in 1860. He is probably the only individual in the community who claims such a record, although there are several men older in years than he.

Someone broke a window in the Curwensville hardware store at an early hour yesterday and purloined a revolver and a number of boxes of cartridges. The hole in the plate glass was made by wrapping a large stone in a cloth and using it as a slingshot. Several persons are suspected of having a hand in the crime.

James Wright now reports that the work on the new bridge is completed. The bridge is ready to be lifted from its temporary supports. Engineers will be here some day this week to look over the work with councilmen, and a general inspection of the bridge.

Clark Norris, who has been visiting the summer on the Norris farm, will leave this week for Illinois where he expects to reside with one of his sons.

Black went to Pittsburgh yesterday and will bring home a large commercial truck, for hauling coal and other heavy work.

Director Doverspike and wife left yesterday for New Bethel for a few days visit with his mother who is about departing for her post in Colorado for the winter.

Yesterday being such a warm day, a more than usual vote was polled in both Curwensville borough and township. Never since women suffrage was inaugurated has so many ladies taken such an interest in politics and their presence at the polls was a power in voting up a good Republican majority for Coolidge and the entire ticket. They were more aggressive in getting out the vote than the male copartisans, and a committee of ladies were in the election on all day long and until the polls closed. We doff our hats to the ladies.

A number of Curwensville people attended the funeral of Mr. Erhard held at New Millport this afternoon.

Heat Wakens Them. A hibernating animal can be awakened from its sleep by being brought into a warm room. When again put into a cold place it immediately resumes its dormant state.

nearly 500 over Edward Benson, his opponent.

Jones Gets Biggest Vote. To the Hon. Charles B. Jones, of Ramey, went the glory of polling the largest majority of any Republican on the ticket. His total vote will exceed that of John Scollins, the Democratic candidate, by more than 600 votes.

The vote by wards is as follows:

President.									
Wards	1	2	3	4	5	6	7	8	Total
Coolidge	311	316	151	175	300	212	1465

No Constitutional Convention. The voters of Clearfield were in line with the big majority of Pennsylvania voters and overwhelmingly defeated the proposed constitutional convention. Every ward returned heavy majorities against the proposition.

An army of 21,000 voters made their way to the polls in Clearfield county yesterday and exercised the greatest privilege ever accorded an individual by casting their votes for the men of their choice for the Presidency of this great country, in its turn the greatest honor, responsibility and opportunity for real service to his fellow man ever allotted to any individual in the world's history.

That human nature is the same the world over and that what appeals to the man in Maine as the best thing to do when his country's welfare is at stake appeals in like measure to his fellow voter in California, also Pennsylvania, was demonstrated anew when Clearfield county joined with three-fourths of the balance of the country at large by voting overwhelmingly to place the conduct of governmental affairs the coming four years in the hands of Calvin Coolidge of Massachusetts and Charles G. Dawes of Illinois, the candidates of the Republican party for President and Vice President.

The tabulated vote in Clearfield county for 103 of the 110 voting precincts of the county gave Coolidge a majority of 8087, which will likely be increased to 8500, when all the districts are heard from and the official count tabulated. Coolidge polled at least 5000 votes; more than the combined totals of Davis and LaFollette. Congressman William I. Swoopes was re-elected and received in Clearfield county the greatest total vote ever recorded by any candidate, as his

total exceeds that of Coolidge himself. Congressman Swoopes will have 6000 majority in this county and possibly twice that many in the 23rd district.

For the Assembly in District No. 1 Hon. Charles B. Jones of Ramey, has more than 3000 over John Scollins and his total will be increased to 3300 by the seven districts to be heard from.

In District No. 2, Geo. Lukehart of DuBois, will have nearly 2500 over the Hon. W. H. Betts, his Democratic opponent, while Weber, the Klan candidate is more than 700 behind Betts.

New War?

Europe is in for considerable more trouble between 1925-1928, according to Albert T. Moreux, director of the Georges Observatory in Germany. The sun spots indicate it, he declares. And he has studied them more than 20 years. It was he who predicted the World War several years before it started.

Greater New York Put Smith In Governorship; Upstate Is Republican

New York, Nov. 5 (INS).—With nearly ninety per cent of the vote tabulated, Gov. Alfred E. Smith was leading Col. Theo. Roosevelt by 55,522 votes in the gubernatorial race. Early today the complete vote from all but 509 of the 7563 election districts gave Smith 1,499,149 to 1,380,597 for Roosevelt. Indications were that the Smith majority would pass the 100,000 mark as more than half of the missing precincts, 414, are in Greater New York where the Governor rolled up a majority of more than 450,000 over Roosevelt. Roosevelt's majority over Smith up state was 362,792.

A great Democratic tide, sweeping up from the five boroughs of New York City, saved the Governor from defeat. On the face of the returns he carried only three counties outside of the city—Albany, Clinton and Hamilton—and his majority in the latter two is so slight late tabulations may upset it.

FUNERAL OF JOHN KEPHART

The funeral of the late John Kephart, who passed away at his home in Sanborn on Monday morning at 11 o'clock, will be held from the Sanborn church on Thursday afternoon at 2 o'clock.

The deceased was 78 years of age. Mrs. John Winslow, of Cherry Tree is a patient at the Clearfield hospital.

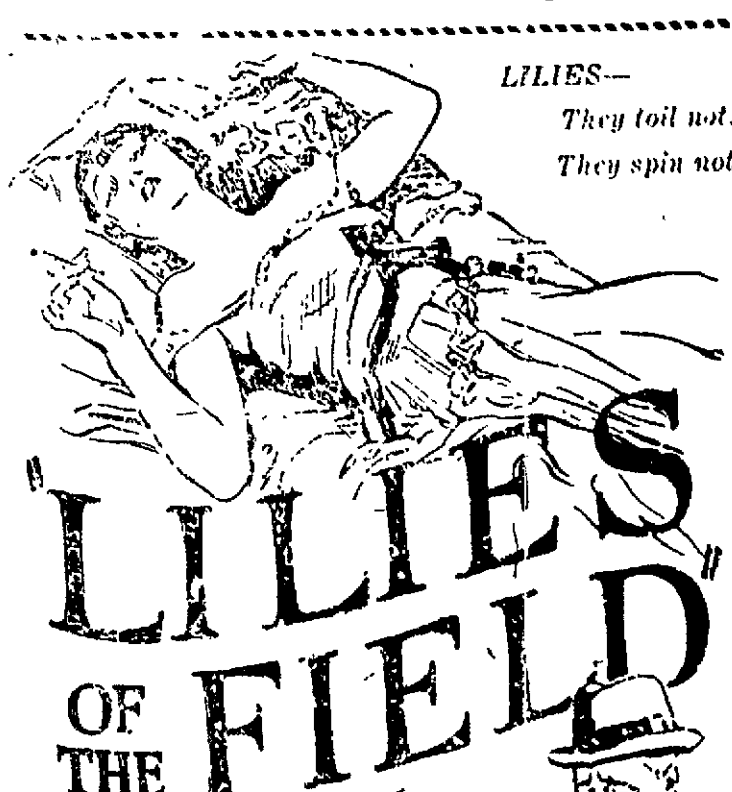

Melvin Hattwick of Mill Hall spent the week-end at the Edmiston home on Pine street and attended the Lock Haven-Clearfield game.

INDOOR BASEBALL

A LIVELY SPORT AT Y

The Y. M. C. A. Junior indoor baseball team celebrated election night on the gym floor when they scalped the fast Business Boys team 10 to 8 in one of the most closely played games this season. Overcoming a lead of five runs, they pushed seven runs over in the 4th inning and then retired their opponents in one, two, three order in the final trial. There were many "Walters" who took their turn in the box and the contest seemed to bring back memories of the world's series.

Clean Your Clock.

Saturate a cloth or pad of cotton with kerosene and, laying it in a small receptacle, put it inside the clock. The fumes will loosen any foreign substance on the wheels and cause it to drop; it also lubricates. Or remove the works of an all-metal clock, put it in a clean vessel, cover the works with clean kerosene; cover tightly until the grease and dirt are cut and removed, then return to its case.

Does Your Back Ache?

Bad Backs Bring Suffering to Many Clearfield Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Clearfield f. s.

Mrs. Martin Hughes, 423 W. Pine St., Clearfield, says: "There was a steady ache in my back but it was worse when I stooped because then, I got a sharp catch and it was hard to straighten. Mornings my back was lame and sore. My kidneys acted sluggishly. Doan's Pills from Woodward & McPherson's Drug Store cured the backache and regulated my kidneys. I haven't been troubled since." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Hughes had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

Shakespeare and Nature. Shakespeare was naturally learned; he needed not the spectacles of the books to read nature; he looked inward and found her there.—Dryden.

Swan Song. Many authorities both ancient and modern could be quoted in support of the opinion that the swan "dies so joyfully that he sings sweetly when he dies," observes a correspondent; but only one need be given here. It is from Coleridge, and should carry conviction to all reasonable people: Swans sing before they die; 'twere no should certain persons die before they sing.

We have Plato's assurance that Apollo rejects no swans before their death the good things he has in store for them, and therefore they sing and rejoice as they die! There is a tradition that Pan haunts the tall reeds around the loch, and it is well-known that he can deal very severely with anyone who shows too much curiosity about himself or his friends.

Billiard Balls. All billiard balls are true when they are sent out by responsible makers, but they do not as a rule remain true. The usage they get is often careless and indifferent. It is often rough. Sometimes a ball that is true in the beginning will become untrue, even with the best treatment you can give it. Change in temperature is an important factor, for ivory will expand and contract more in one part of the ball than another, for the reason that the ivory may be denser in one part of the ball than another. Hence the sphericity of the ball will be disturbed. When there is a difference in the specific gravity of ivory the makers aim to use that part of the ivory which is heaviest as the center of the ball.

Derivation of Custard. Custard was a corruption of a middle-English word meaning a p/e or tart and was allied to the modern French word crouteade of the same use. All these words came from the Latin crusta, meaning a crust.

You Should Have a Flashlight When You Start to Hunt

If you're much of a hunter, you've been caught out in the woods and would have given most anything to have had a light. You knew the path, of course, but you did a lot of stumbling around before you got out on the road.

A Flashlight would have done away with all this unpleasantness and you would have been able to make so much better time getting to your car or out on the road where it would have been easier walking.

The heaviest Flashlight weighs but about 12 ounces. It will throw a ray 500 feet and it's mighty cheap insurance against twisted ankles or possibly worse.

Come in and get yours before the Governor lifts the ban on hunting.
